STATEWIDE
FARM AND RANCH NEWS

(By WNU Service)

California led the nation in receipts from the sale of principal farm products during the first nine months of 1935. Total farm cash income in the Golden State in that period was \$355,618,000, considerably above Iowa, second in crop values.

Exceeded only by Texas, 1,500,000 turkeys were grown in California this year.

Mrs. Wayne Armstrong, a member of the Plainfield Farm Center, Yolo County, represents California in the national public speaking contest held by the Associated Women of the American Farm Bureau Federation in Chicago. Mrs. Armstrong won the state title at the Santa Cruz convention of the California Farm Bureau Federation.

A record crop of artichokes and brussels sprouts, both for size and appearance, is predicted for the central coast area this season.

The expenditure of \$500,000 from agriculture funds in benefits or indemnities to California and western prune growers has been approved by the federal government. The plan will set up a marketing agency known as the Pacific Prune Products Association to take off the market from 20,000 to 25,000 tons of sub-standard prunes of the 1934 and 1935 crops.

A newly perfected cotton picking machine recently demonstrated in Arizona's Salt River Valley harvested 1,000 pounds an hour, cleaner than it can be gathered by hand.

Better winter markets for California string beans is promised with the news that Florida string beans had been hard hit by frost. Florida customarily ships string beans into California at this time of the year, but it is expected that no more will be shipped this winter, reports indicating that the Florida crop had been damaged 75 to 90 per cent.

Tomato growers of northern California have fixed a price of \$15 per ton at the ranches for all tomatoes delivered to canneries that have been passed by the state board of health's inspectors under the terms of an act by the legislature.

A new industry for Yuba county is garlic processing, which employed 23 persons in the season just closing. The garlic is shipped from Salinas for processing and is re-shipped to Los Angeles in five gallon tins in powdered form.

California farm income is back to the half-billion dollar mark—the first time it has reached this figure since the depression. A. A. Brock, state director of agriculture, made this statement in opening the 68th annual convention of the California Farmers and Fruit Growers Association at Sacramento last week.

Killing frosts damaged more than half of the green pea crop in the Dos Palos-Los Banos area, but good prices on the remainder of the harvest are compensating growers somewhat. Harvesting of carrots is now under way in this area.

The celery crop in the Lodi delta district is estimated at 2,250 cars this year as against 2,906 cars last year. Approximately one-half the crop has already been shipped, with prices averaging \$1.45 per crate, substantially better than last year's prices.

One of the largest refunds ever distributed to the thousands of members of the California Fruit Exchange will be paid on December 17. Despite an unfavorable season, the exchange will be able to pay a total of \$350,389 from the earnings it made in 1935.

Three Galt ranchers are defendants in a \$25,440 damage suit brought by a neighboring rancher as the result of injuries suffered when he claims he was "battered, scorched, stamped and trampled" by a bull owned by the defendants.

Thirty sacks per acre was the average yield in the rice harvest in southern Butte County this year and the rice was of exceptional quality. The price was \$1.21 per hundredweight to growers, plus a payment in August of 42½ cents by the AAA and an expected additional 36 cents in December.

The Imperial Valley pea crop of about 700 cars last winter is expected to be equalled this year, with better prices as the result of the failure of the Florida string bean crop, due to heavy frosts.

Forty Fresno County cotton growers, whose suit to halt collection of processing taxes under the Bankhead Cotton Control Act was dismissed by Federal Judge Michael J. Roche, have been granted permission to appeal to the Circuit Court of Appeals.

CALIFORNIA
NEWS OF THE WEEK

(By WNU Service)

Schools Join Safety Crusade
Sacramento.—One out of every three school children in California is destined to be killed or injured in motor vehicle accidents before the end of his normal life span. This appalling figure was quoted by Vierling Kersey, state superintendent of public instruction, in announcing plans for courses in safe driving to be added to the school curriculum.

Million Dollar Stamp Purchase
Los Angeles.—\$1,000,000 worth of 3-cent stamps were purchased from Uncle Sam by one customer here last week. The buyer was the Union Pacific Railroad, which wanted 33,333,333 stamps of the new Boulder Dam memorial issue for their publicity value. The railroad runs through Boulder City, Nev.

Sales Tax Revenues Decline
Sacramento.—Sales tax returns for the third quarter of 1935, the first period reported under the new 3 per cent rate with foodstuffs exempted, showed a decrease of \$816,881 compared with the preceding three months. Revenue for the quarter amounted to \$15,871,571.

Fish Pack Hits High Mark
San Francisco.—California canners packed 4,396,546 cases of various kinds of fish the first nine months this year. The sardine catch at Monterey and northern California canneries was 100,115 tons. Los Angeles packed more than a million cases of mackerel, and San Diego 749,832 cases of yellowfin tuna.

Bootlegging Not Lost Art
Soledad.—An alcohol still of 500 gallons daily capacity, the largest seized in Monterey county since repeal, was found by Federal agents near here. Three men were arrested and 40,000 gallons of mash, 500 gallons of whiskey, 75 gallons of alcohol and 100 sacks of sugar were confiscated.

Railroad Sued for Cruelty
San Francisco.—Because 263 sheep being shipped from Oregon to South San Francisco were confined 33 hours in one stretch in freight cars, two hours over the limit allowed by law, the Government has filed suit against the Southern Pacific, asking a \$500 penalty.

Counties Exceed NHA Quotas
Sacramento.—Three of the first fourteen counties in the United States to exceed their quotas under the modernization credit plan of the National Housing Act are in California. The counties, with percentages by which their quotas have been exceeded are: Calaveras, 117; El Dorado, 196, and Nevada, 223.

Gold Mine Again Produces
Sonoma.—Idle for thirty-five years, the Von Tromp mine has been de-watered and is being placed in shape for production. Recent work has exposed veins and shoots of profitable ore. The property is near Columbia and produced richly forty years ago.

Repair Floating Drydock
Mare Island.—The rare feat of placing a drydock in drydock will occur here when alterations are made on the Ard-1, floating drydock towed up from the San Diego destroyer base. New cranes, motor generator and other equipment will be installed at a cost of \$42,000.

Grove Urged for Tribute
Dinuba.—Purchase of the Redwood Canyon grove of Big Trees, between Sequoia and General Grant National Parks, and declared to be one of the most beautiful groups of trees in the world, is being urged as a memorial to Will Rogers. The canyon is from eight to nine miles long and includes 4500 acres of timber.

Artificial Quakes Locate Oil
Los Angeles.—New oil and gas fields are being discovered in the San Joaquin valley by exploding charges of dynamite in shallow holes, thus creating "artificial earthquakes," officials of the Southern California Gas Company have disclosed. Sensitive instruments, like seismographs, tell whether there are fields of oil and gas directly below.

Old Mine Makes Profit
Weed.—Abandoned 25 years ago because the ore failed to yield profits, the Yellow Butte copper mine near here has developed into a valuable molybdenum property. Veins carrying molybdenite were considered valueless by the copper miners, but the true value of the mine was discovered by engineers several months ago.

2 A.M. Closing Hour Stands
Sacramento.—The Board of Equalization plans to continue making arrests under provisions of the California 2 a.m. liquor closing law, until final decision on its validity is made by the State Supreme Court.

LARGEST PER CENT OF
HEATING DONE WITH GAS

Natural gas, which has been available to consumers since 1930 has solved the winter comfort problem. It has not only proven its worth as a house-heating agent from the standpoint of efficiency, reliability, cleanliness and every other desirable quality but, also, as it possesses double the heating value of manufactured gas it is, if properly handled, proportionately economical to use.

The proof of its value is found in its ever increasing popularity. At the beginning of 1930 gas as a house-heating agent was used in but 10 per cent of northern and central California homes. Of the domestic heating appliances sold by dealers 90 per cent were designed for some other type of fuel. Today these proportions are more than reversed, for statistics show that 92 per cent of all house-heating appliances sold are gas-fueled.

There are numerous gas-heating devices on the market. Of these the most desirable, where conditions permit its installation, is the central gas furnace in the basement from which the warm air is transmitted through pipes leading to various rooms in the house, upstairs as well as downstairs. The furnace is automatically operated and controlled. It works night and day and needs no attention of any kind. The pressure of a button in the living room turns the supply on or off, as desired, and also regulates the temperature. Where, however, the construction of the dwelling does not permit this type of installation, there are other devices which afford perfect satisfaction, each in its own way.

Miss Ellen O'Sullivan has returned to her home in Carmel after a visit with her sister, Mrs. Oscar Sutor in San Francisco.

Mrs. W. H. Gibbons and daughter, Miss Mollie Gibbons, Carmel, have sailed for a vacation trip to Honolulu. Mrs. Gibbons is recuperating from injuries received in an automobile accident some time ago.

After visiting their parents in Long Beach since Thanksgiving, Mr. and Mrs. Bert Doolittle and Mr. and Mrs. Robert Doolittle have returned to their homes in Carmel.

At their first meeting in January the Junior Y. L. I. will install the following officers: Claire Thacker, president; Joan Sanchez, vice president; Dorothy Allaire, secretary; Angela Brucia, treasurer; Rose Marie Smith, marshal; Marjorie Irvine, sentinel, and Margaret Hartigan, organist.

Word comes from County Clerk C. E. Joy that all Monterey county voters should be warned that they must reregister after January 1 in order to be able to vote in the 1936 elections. The new registration is the result of a law passed by the recent legislature and although it may not suit people, it must be conformed with in order to vote. It is said that the ballot in November will carry a referendum so that the voters will have a chance to say whether or not they wish to continue with the present form of registration.

A family dinner party last Thursday evening at the home of Charles U. Brown in Pacific Grove served to celebrate the couple's twelfth wedding anniversary as well as the host's birthday. Guests were Mr. Brown's parents, Mr. and Mrs. Andrew W. Brown and the hostess's sisters, the Misses Alaine and Aurora Henriques.

You all know about the big Nativity Play that is going to be held at the school auditorium on December 19th. This play has been held here every year for 10 or 11 years. I think you will all enjoy it. In the preparation all of Miss Currey's time has been devoted to the play. I hope, and I'm sure you do, that the play will be a success like it always has been.

The Sunset school basketball team will play Pacific Grove Friday in the P. G. gymnasium. Both our light and heavyweight teams will play.

Thank you, I still remain

MISSIONARY SOCIETY TO
MEET NEXT TUESDAY

The Missionary society will hold its December meeting in the Community church at 2:30 Tuesday afternoon. Mrs. E. L. Taylor will give a talk on: "Religious Education of Women Under the Southern Cross." Those who wish to roll bandages will meet in the morning for work, and will bring their lunches with them.

Christmas Seals have sent visiting nurses into thousands of homes, to teach the sick how to get better health and how to avoid giving their disease to others.

FIREMEN AND LADIES TO
ENJOY CHRISTMAS PARTY

Firemen and their ladies of the Carmel department will meet December 19 at Pine Inn for their annual Christmas party. There will be a Christmas tree and on it will be a gift for everyone present, and of course there'll be a program, with Santa helping out.

H. R. McGrew of Monterey was cited in Carmel the 6th for having no certificate of registration; no operator's license; only one headlight, and no tail light. He appeared before Judge Wood Wednesday.

In all Christian Science
churches, branches of The Moth-
er Church, The First Church of
Christ, Scientist, in Boston,
Mass., a Lesson-Sermon will be
read Sunday, December 15, on
the subject "God the Preserver
of Man."

The Golden Text will be:
"The Lord shall preserve thy
going out and thy coming in
from this time forth: and even
for evermore" (Ps. 121: 8). Bible
selections will include the follow-
ing passages from I Peter 3: 10,
12-13: For he that will love
life, and see good days, let him
restrain his tongue from evil, and
his lips that they speak no guile:

For the eyes of the Lord
are over the righteous, and his
ears are open unto their prayers:
but the face of the Lord is against
them that do evil. And who is he
that will harm you, if ye be fol-
lowers of that which is good?"

A passage from the Christian
Science textbook, "Science and
Health with Key to the Scrip-
tures" by Mary Baker Eddy,
will also be included, which reads
as follows: "To hold yourself
superior to sin, because God
made you superior to it and
governs man, is true wisdom.
To fear sin is to misunderstand
the power of Love and the divine
Science of being in man's relation
to God,—to doubt His govern-
ment and distrust His omnipo-
tent care" (p. 231).

WHAT! NO FINES?

No, not if you return to the
Library before January 1, 1936,
any book dated due before No-
vember 1. This is not an oppor-
tunity, Miss Niles says, to avoid
paying legitimate debts, but to
assist in putting back into cir-
culation books which it is the right
of the Carmel public to have.

She also asks all recent arrivals
in Carmel who are renting houses
with book shelves, to go over
those shelves for books having
the Carmel library seal on the
title page. Many a stray book
has been found in this way by
new tenants.

Christmas Seals have helped
change the wide-spread belief
that tuberculosis is incurable,
into universal knowledge that it
can be cured. Better still, they
have helped teach countless
thousands how it can be pre-
vented.

For rent—Two bedroom cot-
tage, charming view; reasonable
to winter tenant. Mrs. Sheets

HERE'S CARD THAT MAKES
AUTO FEES SIMPLE

More than 2,000,000 postcards
similar to this one will be in the
mails this week to inform auto-
mobile owners of the vehicle li-
cense fee to pay in lieu of per-
sonal property tax when obtain-
ing 1936 registration number
plates in January. Autoists
must present or mail their post-
cards when re-registering. The
vehicle license is charged at the
rate of \$1.75 per \$100 valuation
as determined by department of
motor vehicles. The sample
card pictured represents fees that
would be due from the
owner of an automobile valued
at \$200.

PACIFIC GROVE WILL
HAVE CHRISTMAS PARTY

The youngsters of Pacific
Grove will have their regular
Christmas morning party this
year, probably in the Grove
theatre, under the sponsorship of
the civic organizations of that
city. There will be candy and
gifts and of course Santa Claus
will be present to see that no
child is neglected.

In the evening, Grove residents
will gather around the Christmas
tree at Lighthouse and Forest
avenues for a community party.

During the past five years
thousands of high school students
have received the tuberculin tests
and scores of cases have been
discovered among high school
children and cured. This through
Christmas Seals.

Slave to a Gosh-dinged
heating plant...NOT ME!

THOUSANDS of users of gas heating who have "tried
them all" voice but one regret—they didn't begin to en-
joy the utterly carefree comfort of gas heating soon enough.
Why? Because gas heating so completely and thoroughly
lives up in performance to all its fine points.

I'll Tell the World...

Gas Heat Can't Be Beat!

Gas heating's fine points are these: You save money on the
equipment you buy because the first cost is less. Automatic
thermostat equipment is lowest in cost. And each piece of
gas heating equipment is complete in itself. The gas fuel is
delivered to a pipe, you order it as you use it and pay for it
as you use it. Gas fuel, too, ignites instantly—without
the "tick" of matches or tapers.

It's Plenty Reasonable, Too!

Over 200,000 Northern California families using gas heat
know its reasonable cost. Month after month throughout
the year when all the costs of house heating are figured in—
gas heating is too inexpensive to do without.

Have you seen the
beautiful new models
of these compact and
complete heating units?
Extremely reasonable
to operate.

An ideal solution for
furnace heat for home
without a basement.
Healthful, quick-acting
with low operating
cost.

Here the luxury of
steam heat for modest
home with modest in-
comes. Takes up but
little space by a wall.
Low in first cost and
operating cost.

Mrs. W. A. Lillie has returned to her home in Monterey after a delightful visit with relatives in England. Enroute home she stopped in Washington, D. C., and visited with her son and family.

Christmas Seals have sent visiting nurses into thousands of homes, to teach the sick how to get better health and how to avoid giving their disease to others.

MONTEREY CHILDREN TO BE FETED AT PARTY

More than 2000, children are expected to attend the party given Christmas morning in the State theatre at Monterey, with local service clubs and the theatre as joint hosts.

There will be a picture the youngsters will enjoy and Santa Claus will pass out candy to the young guests. Youngsters from Monterey, New Monterey, Oak Grove and Seaside will be present.

Fred Lape and Foster Bennett of Esperance, N. Y., arrived in Carmel this week and took a house for the winter. The young men are writers.

Ocean Spray chapter O. E. S. will have a Christmas party for the children of the members December 18. Old Santa will be present and present the gifts.

While Manuel Valenzuela and Ralph Lavin were sparring in New Monterey Friday night, Frank Blasquez is said to have taken a part in the affair by firing his gun. Valenzuela claims the bullet grazed his head. Blasquez was held to answer in superior court to a charge of assault with a deadly weapon.

Max W. Hedrickson of Berkeley who was cited December 7 for driving at an unreasonable speed in Carmel, appeared before Judge Wood and was fined \$5. He was also found to have an expired operator's license.

"The Home as the Source of Moral Training," will be the subject discussed at the meeting of the Pacific Grove P. T. A. today. The Girls' glee club will sing Christmas carols to augment the program participated in by Mrs. George Schuyler, Mrs. A. B. Ingham and Miss Jessie Palen Wood, with Mrs. Bess Ward as chairman.

Mrs. Arthur Jones, Pine avenue, entertained the Wesley Bible class at her home Tuesday evening.

The home of Mrs. George Paul, Spazier avenue, Pacific Grove, was the scene of the meeting of the Townner Missionary society Monday afternoon. A very delightful hour was spent.

The members of the San Carlos Ladies' Aid were entertained Thursday afternoon by Mrs. John A. Sparolini. Plans were completed for the card party which was held Monday night as a benefit for Paul White who has so long been a sufferer from infantile paralysis.

Vincent is the name of the new son born to Mr. and Mrs. Tredo Balesteri of Monterey. The newcomer arrived Wednesday of last week.

While the pedestrian lane in front of the post office may leave some artists cold, it is deemed absolutely necessary for protection of the public. People who wished to, or who were compelled to go into the post office caused parking there to be congested and the pedestrian had little chance of getting across safely. With the opening of the new theatre, the danger will be more pronounced.

One of the few remaining civil war veterans lives in Lakeside, and Saturday he celebrated his 91st birthday. William P. Kinsman, born in Franklin, Vermont, came to the peninsula 39 years ago and for many years took an active part in the Lucius Fairchild G. A. R. post in Pacific Grove. He was a contractor and builder and is well known over the peninsula. Helping him celebrate his birthday were his wife and three sons, Merle, Leo and Rex, all of whom lives on the peninsula. One other son lives in the east.
